

The Sinclair
Broadcasting Group
is abusing its
powers as owners of
TV affiliates
reaching one-quarter
of the television
market. Forcing its
affiliates to air an
anti-Kerry
documentary days
before the election
shows a blatant
disregard for
fairness and
integrity.

The FCC has the
power to prevent
this documentary
from being aired. I
strongly urge it to
do so. To allow it
to happen would
strike a blow to our
democracy; by your
silence, you would
be making a
statement that media
and government are
not for all, but
only for the rich.
